BOOK STORES.

A STANDARD HISTORY BY

GEN. LEE.

A Work of National and Permanent Value.

MEMOIRS OF THE WAR,

By Gen. Henry Lee.

("LIGHT HORSE HARRY")

Thoroughly Revised and Annotated,

BY GEN. ROBERT E. LEE.

WHO HAS ADDED A FULL BIOGRAPHY OF HIS FATHER.

1 vol. octavo, 650 pages, with new Steel Portraits of Gen Henry Lee, Gen. Robert E. Lee, and Gen. Nathaniel Greene; beautiful Steel Engravings of "Marion Crossing the Pedee," and the "Surrender of Cornwallis;" Maps of the Siege of Charleston, S. C.; the Siege of Yorktown, Va.; the Battle Ground near Camden; the Battle of Guilford; the Battle of Hobkirk's Hill; and a sketch of Gen. Henry Lee's residence.

This admirable history of the operations of the American Armies during the Revolutionary War in the Southern Department of the United States is the standard work on the subject of which it treats; and this new edition, revised, corrected, and enlarged by Gen. Robert E. Lee, the distinguished son of the author, and embellished by elegant Engravings, and original Maps never before published, is a volume of the highest value to every intelligent person.

This history has been for a long time out of print, and because of its accuracy as a history of that interesting period, and that there was no work to supply its place, it was much sought for and a new edition demanded.

It is seldom that a historical work by a distinguished author has the advantage of a revision by so distinguished a son, and both of them great military leaders in the same section of the country.

Gen. Lee receives A LARGE COPYRIGHT UPON EVERY COPY OF THE BOOK SOLD. Sold only by subscription.

PRICE:—Handsomely bound in Cloth, $4 00.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, DECEMBER 3, 1869.

MR. MOORE OF CHOWAN.

On Monday last this gentleman arose in his place in the House to a question of privilege, to explain his action during the examination of Treasurer Jenkins before the Committee of the Whole, on the Saturday previous, and to complain, we admit very courteously, of some remarks thereon which appeared in last Saturday's SENTINEL. We stated that Mr. Moore, "by his quibbling questions seemed disposed to throw difficulties in the way" of the investigation. In this, he says, "the SENTINEL certainly mistakes my (his) intentions."

Of Mr. Moore's intentions we can know nothing, except as they are made manifest by his actions, and these led us, upon that occasion, to the opinion we expressed, that he was disposed to throw obstacles in the way of the investigation. Seven men out of ten, we presume, would have come to the same conclusion, on witnessing the proceedings on that occasion, and we think the other three would have come over and made the verdict unanimous, on witnessing the proceedings in the House on Wednesday, on Mr. Pou's motion to suspend the rules in order to take up and consider the bill to force witnesses to appear before the investigating Committee.

All this palaver on the part of certain members about being willing and anxious to investigate the charges of alleged frauds in the management of State bonds, is mere pretense, *practically*, for, whenever steps are taken to do it, all sorts of difficulties spring up which serve to procrastinate the work, until the whole thing ends in a farce. They are very willing to do the thing, but nobody can satisfy them in regard to the manner of doing it.

The people see this maneuvering and understand it; and while great fuss is being made about the damage the Democratic papers are doing to the credit of the State bonds, one single exhibition of the twistings and turnings of Republican members of the Legislature to stave off investigation, does more to bring distrust and odium on the bonds than all that the papers could do towards that end in six months.

It, as is stated by the Republican party and its organ, the *Standard*, the Democrats—speakers and papers—are injuring the credit of the State, and, consequently, the good name of the dominant party in the State who have the management of affairs in their own hands, by making false accusations about the management of her financial affairs, how easy a matter it would be for the party—having all power in its hands—to show to the State and the world the falsity of the charges, by an open, fair and full investigation; instead of dodging and quibbling and running away from the State whenever an investigation is instituted, as was the case last session and this. These things but add proof to proof, of the truth of the charges, indirectly, it is true, but none the less strong and convincing.

RADICAL EXTRAVAGENCE.

We took occasion, several weeks ago, to call attention to the fact that the Legislature had given the various officers of the Executive department unlimited discretion in the expenditure of money, and suggested that such a thing was never heard of in the State before, and that it was calculated to foster an extravagant expenditure of the people's money.

We have before us the report of the Auditor for the fiscal year, ending Sept. 30th 1869, and upon a slight glance at the items of the disbursements of the public funds, we find abundant evidence that considerable sums of the people's money have been spent without any direct warrant of law.

We call attention to this matter because there is not one in five thousand of the people of the State who will ever see the details of these expenditures or know for what they were made. Indeed, on the latter point, the report itself throws no light.

For instance there is one item of $500 "for expenses incurred by A. W. Fisher, Adjutant General, in going to Vermont on business for the State of North Carolina." There is the item and the money has been paid, but ask every man, woman and child, from Currituck to Cherokee, what earthly business in the behalf of the State, the Adjutant General had in Vermont, and there are not ten can answer the question.

We see, also, that J. W. Hood is allowed $100 a month, as Agent for the Board of Education, from December 1868 to August 1869, except the month of May, when he received $125. Now, under what law this amount of $925 is paid out of the public Treasury, we should like to know. We should also like to know by what law an Agent of the Board of Education, or, as the Governor in his message calls him, Assistant Superintendent of Public Education, is appointed and paid, while the Superintendent is allowed a clerk also.

We have not time to-day to allude further to this subject. We shall resume it hereafter, and if not greatly mistaken, shall be able to show the people a consumption of their hard earned taxes in a way and for objects they never dreamed of.

"Every one in the State knows that the Democratic papers have done all in their power to give the bonds a bad name."—*Standard.*

It is about equally well known that the bonds deserve it.

MARRIAGE ON A RAILWAY TRAIN.

Yesterday a victim of misplaced confidence, who knew not whether she was married or single, told her story to the police. An interesting young lady 18 or 20 years of age, who has been carrying on a millinery establishment at Rolla. Some six months ago the pleasant milliner and Charles Johnson became acquainted, and gradually the acquaintance merged into friendship, and then ripened into love.

He proposed a trip to St. Louis to have the ceremony performed, and she acquiesced, and they left Rolla on Thursday last. On the trip it appears he prevailed upon her to have the ceremony performed, and a stranger to her, while on the cars, went through the marriage ceremony in rather a bungling manner. Who the extempore parson or magistrate was, or where he came from, the confiding milliner did not know. She thought it, however, all right, and as it was not only a little pecuniary saving, but a convenence to her husband, so called, she was satisfied.

Arriving here they took rooms at the Clarendon, and registering, of course, as man and wife, were assigned a comfortable room. Yesterday morning the groom, so-called, arose early, telling the bride, so called, to rest a while longer, as he would take a short walk and return in a few minutes. Minutes merged into hours, and Charley did not return. It finally occurred to her that her pocketbook containing $100 in greenbacks, the accumulation of much labor with the needle and her fine gold watch were in the possession of her vanished lover. The poor girl then began to realize that she had been imposed upon, and that her money and her honor were at the mercy of a stranger. The police could not help her.—*St. Louis Republican.*

Steers had contracted to build, snakes have been found so plentiful that work had to be temporarily suspended until a few thousand of them were killed.—After an excavation had been made of 300 feet in solid rock, the poisonous reptiles were discovered in great numbers, and all hands were employed in disposing of them.

From the Rutherford Star, (Republican.)

W. W. HOLDEN—THE STATE CREDIT.

Many of the good people of North Carolina, are unable to account for the present standing of our State credit, and wonder why it is that bonds of the State are so far below par, when there is a special tax *laid* and being collected, to pay the interest on these bonds, in truth, it is a puzzle to most of the people, and is not likely to be understood at once.

We propose to give a few reasons, why our credit is not better, and to show who is to blame for it. We contend, that there is no palpable reason why the credit of North Carolina, should not stand as high, with the proper management of our officials, in *high places*, as that of any other State in the Union. Why, then, you will ask, is this great difference? We will endeavor to answer in as short terms, and as plain words as we can.

It will be remembered that the present debt of our State, was created by the present General Assembly, at the recent sessions in appropriations to complete the different Railroads in the State. Of these appropriations, the Wilmington, Charlotte and Rutherford Railroad received an appropriation of four million dollars, the Western North Carolina Railroad received seven million dollars, and the Fayetteville and Western Railroad received two and a half million dollars, making in round numbers, thirteen millions five hundred thousand dollars, appropriated to the Railroads above named, being near one third of the total debt of the State. Now, the next question arising for consideration, is, where are these appropriations? Whose hands are they in? Answer—in the hands of three men, with the exception of a small portion of each appropriation retained by the State Treasurer to secure the interest, and one million of dollars in bonds, paid to R. H. COWAN, ex President of the W. C. & R. Railroad. Three million of dollars at the disposal of Gen. M. S. LITTLEFIELD, President of the Western division of the W. N. C. Railroad, and two million five hundred thousand dollars, at the disposal of ANDREW JACKSON JONES, President of the Fayetteville and Western Railroad.

Who are these men who have control of so much money? What guarantee have the people that this money is in the hands of honest and reliable men? and what security have they, that it will not be squandered and lost to the State? Two of these men, leaving everything else aside, viz, Dr. WM. SLOAN and A. J. JONES, famous for their conspicuous connection with the noted *cotton* transaction in 1865, and under the Administration of Provisional Governor, W. W. HOLDEN. The third man is Gen. M. S. LITTLEFIELD, known better as the champion of the noted Florida *swindle* and *bribery* transaction. Is not this enough, we ask, to account for the crippled condition of the State credit? Ah! but this is not all; the State of North Carolina has not *one dollar of security* for this amount of money, that has been placed in the hands of these three men, in whom, financially, the people can place no confidence.

Then, we would ask, is it any wonder that our bonds are not at *par*? Is it at all surprising, that the capitalists and moneyed men of the country, under these embarrassing circumstances, *refuse* to invest their capital in North Carolina bonds, unless they can get them for a mere nothing?

Who then is to blame for this unfortunate state of affairs? We think we are perfectly safe in charging it upon Governor W. W. HOLDEN, he is either directly, or indirectly responsible for *it all*. These men were appointed, or elected, under *his* orders, sanction and approval, and *he* is responsible for the embarrassed condition of affairs brought about by them. Nay, this is not all, but *is it not enough?* Are not the people satisfied *already* about this important matter? If not, we confess, we are at a loss how to enlighten them. But we do not take the people to be so ignorant, and void of understanding, as not to see so plain a case, and attribute it to the proper channel. Their eyes are open to the true condition of affairs, and their verdict is made out, and it is to be hoped, that they may be permitted to *render* this verdict in time to save us from this apparent danger.

We are bold in saying that such men, and such measures, will ruin the credit of any State, and we are not the least surprised that they have so near ruined the credit of once noble Old North Carolina.

An effort is being made to procure the release of Mrs. Victor, who is now in the Ohio Penitentiary, under sentence for poisoning her brother, on a writ of habeas corpus. She claims that she never signed or accepted the conditions of the commutation of her sentence, and that now, as the time for which she was reprieved has expired, she is unlawfully kept in prison. And yet this woman was asserted to be insane, and was saved from the gallows by that plea. There is certainly much method in her madness.

Owensboro, Ky., boasts of having lately made the largest sale of tobacco ever made in America.

OBITUARY.

Died on the evening of the 19th of November last, at his home in Franklin county, after an illness of only four hours, WILLIAM A. EATON, 4th son of John E. and Susan Eaton of Pitt county, aged 56. After a short experience in Mercantile life, he early applied himself to agriculture, of which he was passionately fond, and by his zeal and activity (for his character was of the positive order; and his nature ardent) he soon established a skill, worthy the emulation of our rising youth.

About this period he became a communicant of the Protestant Episcopal Church and did much to build up the little Church at Henderson, near which he at that time resided.

In the beginning of the late war, having married Ofelia second daughter of the late Dr. Wood T. Johnson, he moved to Franklin, where his domestic tastes found full scope for the exercise of an unbounded devotion to his wife; an affectionate regard for his children, and a modest, but free hospitality to his neighbors and friends.

Sacred as he regarded these appropriate and becoming duties, his life becomes still more worthy of imitation when viewed as the practical christian gentleman. For, firm in Doctrine, lively in faith he challenged the admiration of even non-professing friends, by the fearless dignity of his christian demeanor. That we shall know him no more, is his family's inexurable loss and the deep grief of the writer of this feeble tribute. C. B. H.

They abound in the very best Stave and Ship, Cypress, and pine timber. Cord wood for Steamboats and Rafting timber for the Sugar plantations, lower down on the Mississippi River. Health about equal to that of Eastern North Carolina.

Enterprising men willing and competent to embark in the lumber business, in any of its forms, will find a most ample field for large profits. The price of Cypress plank is from $25 to $3 per thousand; of pine from $20 to $45, both greatly in demand along the Ouachita and its navigable tributaries. Day laborers get good rations and 15 to 20 dollars per month; Mechanics from 2 to 6 dollars per day.

Shoemakers, Tanners, Blacksmiths, Wheelwrights and especially Gin-wrights, can find ready employment in the vicinity of these lands. About $30 emigrant rates, and about $60 Passenger rates only, will be required, to get each one through. THE SENTINEL.

CITY AND STATE ITEMS.

FRIDAY, DECEMBER 3, 1869.

☞ THEO. N. RAMSAY, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

PERSONAL.—We were interviewed on Wednesday last, by Stone of the Weldon *News*, who paid Raleigh a flying visit, and gave us a call. We don't know what his business was—didn't ask him. He was looking as well as could be expected, and it strikes us as about time he was making arrangements to pay some young woman's board and milliner's bills.

By-the-way, he says he is going to enlarge the *News* before long, and otherwise improve it, in which he has our best wishes.

BRICKBATTIVANEES.—Two colored men, Asa Delemar and Charles Jones, got into a quarrel, in Newbern, on Wednesday evening, when Delemar threw a brick bat at Jones, striking him on the head, from which he died in fifteen minutes.

U. S. CIRCUIT COURT.—Thursday, Dec. 2nd, 1869. The Court convened at the usual hour. The bar was crowded with lawyers from all parts of the State.

William H. Terry, convicted on Wednesday of illegal distillation, was sentenced to a fine of $1,000 and imprisonment for one year.

Rufus Margum, convicted under the old statute against illegal distilling, before the recent amendment, was fined $10 and cost.

James Flynn was called and failed to answer, judgment against his bail.

The remainder of the morning session was consumed in the trial of Jubal Emory for illegally distilling spirituous liquors; the District Attorney appearing for the government, and Messrs. Rogers and Batchelor for the defendant. There were quite a number of witnesses examined on both sides and the cause was conducted by the council with unusual zeal and ability. The defendant was convicted.

Afternoon Session. The cases of U. S. v. William Ferrell, U. S. v. H. N. Croom, U. S. v, Peyton, Theophilus and Thomas Mangum, were continued upon the affidavits of the respective defendants.

U. S. DISTRICT COURT, FOR THE DISTRICT OF CAPE FEAR.—Thursday, Dec. 2nd, 1869. His Honor delivered the opinion of the Court in the case of the "Cuba." The motion upon the part of the United States to reject the claim and answer of the claimant, Morrelles Lemus, claiming to be the agent of the Cuban Republic, was agreed to. The opinion may appear to-morrow.

The council for the claimant prayed an appeal to the Circuit Court, which was allowed; His Honor suggesting also a petition to review.

The council further moved that the vessel should be given up to the claimant upon his entering into the bond. Motion overruled.

The council for the government moved for a proclamation and decree of condemnation. Decision reserved.

The Court thereupon adjourned.

A NEW PLOW.—We were visited yesterday by Mr. Murfee, the Agent for Murfee's Soil Pulverizer and deep tillage plow, patented as a subsoil Plow, and exhibited at several Fairs the past Fall, at all of which it took first premiums over all competitors.

Mr. Murfee exhibited to us a specimen of this plow, and, claiming as we do some knowledge of plows and plowing, we are decidedly of the opinion that this is the best subsoil Plow we have ever seen. The advantages over other similar plows possessed by the Murfee Subsoil, consist in its strength, lightness, simplicity, cheapness, and the advantage in leverage which the plower has, making his labor easier than with any other plow.

This plow is very highly recommended by intelligent and practical farmers in Georgia and Alabama where it was first introduced, and also by a number of farmers in Virginia who have used it; and the agent showed us a number of orders for it from farmers in our own State.

It is manufactured in Richmond, Va., by Palmer and Turpin, and will be kept for sale by Messrs. B. P. Williamson, and James M. Towles, of Raleigh—price about six dollars with the freight added.

We are confident that the use of subsoil plows will add fifty per cent to the products of any farm in the State, when faithfully used; and we advise our farmers to try this, for we are certain the result would prove satisfactory.

The Remarkable Properties of Brown's Bronchial Troches have been thoroughly tested since first introduced. The demand for them has steadily increased, and purely upon their own merits, they have found favor with those who, from Pulmonary, Bronchial, or Asthmatic complaints, require them. For Coughs and Colds they are effectious.

FIRST TRIP.—An engine of the Chatham Railroad ran over the new track into the city yesterday, which is the first arrival over that new Road. The laying down the track on the eastern end of the Road was completed yesterday morning.—We hope soon to see announced a schedule of the new line from Raleigh to the Coalfields, and then for cheap fuel and good steady fires!

NEW ECLECTIC MAGAZINE, better known with us, as "The Land We Love," for the month of December, is on our table. The price of subscription to this excellent Southern Magazine is $4 a year, and the beginning of a new year, which is also the beginning of a new volume, is a good time to subscribe for it. Address Turnbull and Murdock, 54, Lexington street Baltimore.

The Little Corporal's "School Festival," published quarterly in Chicago, by Alfred L. Sewell, at 50 cents a year, is a nice little periodical for girls and boys. We don't know when we have seen a juvenile periodical that pleased us so much.

NEW BOOKS.

VASHTI; OR, UNTIL DEATH US DO PART.—A new novel of surpassing interest, by Augusta J. Evans, author of those powerful and popular novels "St. Elmo," "Beulah," and "Macaria." Elegantly printed, and bound in bevelled boards with gilt side-stamp. Price $200.

This is the famous novel that every one is talking about, and which is having such a wide sale.

PHEMIE'S TEMPTATION.—A splendid new novel by Marion Harland, author of those wide selling books—Alone—Hidden Path—Moss-Side—Nemesis. Price $1.50.

WARWICK.—A capital new sensational novel that has been one of the literary successes of the year. By Mansfield Tracy Walworth. *,* Price $1.75.

For sale by James H. Ennis, at the N. C. Book Store, next to Capitol Square.

In the U. S. Circuit Court on Wednesday the Reams *Second Seizure* case, decided by Judge Brooks, involves a principle of great importance to the community of tobacco manufacturers. The second seizure had been made for an alleged offence against the revenue laws, committed previous to the release on the first seizure after bond given.

A motion was made by Messrs. Ball and Keogh, Attorneys for Reams, assisted by Govs. Graham and Bragg, to obtain an order for the release of the tobacco under the second seizure, and the result was the granting of the order asked for. This disposition of the case will be eminently satisfactory, not only to the tobacco men, but to their numerous employees, who are thrown out of employment and plunged into great suffering by these repeated seizures.

A PARTY QUESTION.—When the resolutions bulling up the State bonds were debated into the House of Commons, and Mr. Malone offered an amendment limiting the endorsement sought to be given them, to those "legally appropriated and honestly disposed of," the vote was a strictly party one, the Democrats and Conservatives voting for the amendment; the Republicans, with the exception of Long of Chatham, voting against it. This explanation is due to the Democratic members, and necessary to a full understanding of the status of parties on the question, and we allude to it because, a few days ago, in an editorial on the subject we were not explicit as to the party aspect of the vote on the amendment alluded to.

THE SUNDAY MAGAZINE, for December is received, published by J. B. Lippincott & Co., Philadelphia—an excellent Magazine.

NORFOLK AND GREAT WESTERN RAILROAD SURVEY COMPLETED.—The engineer corps for the eastern division of this road has, under charge of Captain Fitzhugh, arrived at this its western terminus, having surveyed every foot of the line from Norfolk. Their report of the route is of the most favorable character. The Iron mountain was crossed at Fox gap, about eight miles North of White-Top mountain, and the survey passes down Widener's valley and crosses the middle fork of the Holston about one mile above its confluence with the south fork.—*Bristol News.*

An Alexandria mechanic has discovered and patented a burning fluid which, it is said by those who have examined and tested it, is destined to reward the discoverer with the possession of as much money as he can desire. The new fluid, which is prepared from naphtha, but is non-explosive, can be used for illuminating purposes and for cooking, but its greatest value, it is thought, will result from its use as a steam-generator.—*Gazette.*

THE HEBREWS IN RUSSIA.—A correspondent at St. Petersburg says: "The Jews here have at length, after much negotiation with the government, obtained permission to erect a synagogue. This will be the first building of the kind that has ever existed in Russia. Hitherto the Jews have legally had no right to reside in the empire, and were consequently obliged to account for their presence under various pretexts, for the admission of which by the authorities they had to pay large sums, and they were not allowed to build any permanent house of prayer. A committee, consisting of the wealthiest Jews of St. Petersburg, has now been formed to collect funds for the new building, which is to be got up on a scale of magnificence."

CHARACTERISTICS.—One of the newspapers tells a story of a North Carolinian who like the most of his countrymen, was not willing that anything pertaining to his property, his county or his State should lose in the estimation of strangers for the want of an important name. He was hailed by a Virginian from the shore of the Roanoke while he was floating with the current in a small flat-boat: "What have you got in your scow, and where are you going?" He jumped up, and, assuming a proud bearing, answered, "Stranger, this vessel is the Rebecca, and I am her captain. Our cargo is fruit and furniture, and we are bound for Plymouth and a market."—"What kind of fruit?" "Persimmons."—"What sort of furniture? "Hoop poles." The North Carolinian does not stand alone in this vanity. A Liverpool match vender calls himself usually a "timber merchant on a small scale," and almost every dram shop keeper in our cities pretends to be an importer of liquors.

ASIATIC TELEGRAPH CABLES.—It is announced that the Russian Government has granted to Mr Tiedged and his associates the privilege of laying a telegraph cable from Poslet's Bay, on the southeast coast of Siberia, to China and Japan. The land lines through Siberia, it is stated, will be connected with this submarine cable, which is to be laid by way of Nagasaki or Osaka, Japan, to Shanghai, China. From the latter city the wire will be taken to Hong Kong, touching at Ningpoo, Foochow, Amoy and Swatow. Mr. Tiedgen has been engaged in laying cables in the Baltic and North seas. When these lines are completed communications can be sent by telegraph from the United States to China.

AN OLD FASHIONED HOG.—The Richmond *Enquirer* publishes the following extract from the Williamsburg *Gazette*. It is an item of some interest as showing the size of the hogs they raised a century ago in the good old county of Sussex:

"*Williamsburg*, April 13, 1768.—A hog was brought to town this week from Sussex; as a show, raised by Mr. Henry Tyler there, who, though only four years old, is near three feet and a half high, about nine and a half long, and it is supposed, weighs near twelve hundred pounds. He much exceeds any animal of the kind ever raised on this continent, and, indeed, we do not remember to have heard of any so large in England."

MARRIED.

At the residence of the bride's father, on the 31st of October, by Rev. W. A. Atkinson, Mr. Dr. H. Bonner, formerly of Granville county late of Fayetteville N. C, to Miss Lurenia E. Lyon, of Granville.

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tillery, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 10, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Disease its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicine, I am sir, with much respect, your obedient servant, R. C. TILLERY, M. D.

From Dr. Pentress, an accomplished and experienced physician.

Princess Anne Court House, Va. Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, and *have prescribed it in some stubborn cases of Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*; I find it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact it *gives fine support to the General system* while its alternative effects are being produced. I *cheerfully recommend its use to the public*. Yours, truly, T. F. PENTRESS, M. D.

KOSKOO cures SCROFULA IN ITS WORST FORMS. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No. 41, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c., A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *invigorator*. Yours, &c., JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is AN INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only know the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude, I am respectfully yours, &c., MRS. M. E. A. NELSON.

Dr. Lawrence—Dear Sir Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored

I am, sir, with much respect your obedient servant, O. B. MEARS. No. 5 Market St., Norfolk, Va., July 6, 1869.

Pacific, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies, but received no benefit until I commenced taking Koskoo. I took the medicine about one month and I was completely cured and have remained well. I know of several cures made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No. 13 MARKET SQUARE, Norfolk, Va., Oct. 23, 1869

DR. LAWRENCE—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of Koskoo RESTORED ME TO HEALTH. Yours, truly, J. G WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his 'Koskoo' with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression. W. H. CRISTIAN.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappreciated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes; and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits. Address T. H. BRIGGS, sept 10-tf Raleigh.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

KNICKERBOCKER,	$16.54
EQUITABLE,	17.44
NORTH AMERICA,	21.16

JOHN HANCOCK,	18.27
THE NATIONAL,	63.48
THE ÆTNA,	13.41

"It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,537 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested net assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
